NIFTY CHART

Nifty Spot has broken out from the channel, and trading well above 10275 mark. It represents that market can carry the current momentum to 10550 level. The immediate trend line support at 10410 could act as a stop loss for continuation of longs. On the lower side once the level of 10410 is broken one could expect some selling pressure which may push the index lower towards 10300 market in the days to come.
